MEMORANDUM FOR: Deputy Director (Support)

SUBJECT: Developmental and Target of Opportunity Projects

25X1A 1. At the beginning of FY 1957, PP/ [redacted] developed a method of consolidating PP and PM developmental and target of opportunity funds into single projects for each country for the purpose of obtaining control over these activities by requiring operational reporting in the same manner as required for all other projects.

25X1A 2. The operational programs of the DD/P Staffs and Area Divisions were analyzed and such developmental and target of opportunity funds as were contained in the FY 1957 column, FY 1957 Operational Program, were consolidated by PP/ [redacted] as agreed upon by the Chief, Budget Division, on a country by country basis. Combined projects were prepared by the Staffs and Divisions and, since the amount had been included in the operational programs and been approved by the Director, it was considered that the approval of D & TO activities by DD/P provided sufficient authority.

25X1A 3. During July 1956 [redacted] (SSA/Compt) discussed the matter with [redacted] Chief, Budget Division. Subsequently on 1 November 1956 [redacted] wrote a memorandum for the record the last sentence of which is quoted herewith. "Continuation of combined PP and PM developmental projects in Fiscal Year 1958 is to be dependent upon the adequacy of the records received in the current fiscal year."

25X1A 4. Recently you raised a question as to why such D & TO projects in excess of \$25,000 are not presented for FRG action. In reviewing this matter I have conferred with [redacted] has indicated that, in his opinion, until a full year of operational reporting has passed, as requested by [redacted] it is too early to reach any definite conclusions concerning this matter. [redacted] agrees with this view.
